

TMLT RISK MANAGEMENT  
**FALL SEMINAR 2014**

## REMOVE THE RISK FROM EHR

### Mark your calendars: TMLT's 2014 Risk Management Fall Seminar Series

Earn valuable CME credit and a premium discount on your next eligible policy renewal.

More and more health records are being created, stored and accessed electronically. But with every new technological development comes a new opportunity for breaches and liability. How secure are your electronic patient records?

This fall, TMLT offers ***Hazard or Hole in One? Getting up to par with your EHR.*** In this interactive seminar, instructor Sarah Freymann Fontenot will provide you with the information and instruction you need to:

- Discuss potential liability risks encountered with EHR implementation.
- Describe EHR best practices with respect to cloning, inappropriate defaulting, and locking of notes.
- Address liability risks associated with the use of scribes, voice recognition, and other time-saving measures.
- Evaluate patient privacy issues in today's digital world, and review cyber-breach case examples.

Enjoy dinner and network with your colleagues while earning 2.5 CME credits (1 ethics credit) and a 3% premium discount on your next eligible policy period.

- Registration and dinner: 6 pm
- Program: 6:30 to 9 pm

- TMLT Policyholders: \$100
- Non-policyholders: \$150
